I have integrated the comments from yesterday's conference call.

Items highlighted in bright yellow are those where we're just trying to resolve the final verbiage.

A sincere thank-you to all, for your thoughts, suggestions, inputs, efforts (especially those on the modeling sections and associated figures, Bo and Doug!), and assistance. What we have not only clearly outlines a valid workplan and our expectations to the USAF, but it also is a tool for us to use when monitoring progress. MANY thanks again,
-Eleanor
